GOMF enrichment_HU
phospholipid binding
histone acetyltransferase activity
phosphatidylinositol binding
transcription coregulator activity
protein serine/threonine kinase activity
protein kinase activity
kinase activity
transferase activity, transferring phosphorus−containing groups
GTPase activator activity
actin binding
actin filament binding
antiporter activity
translation initiation factor activity
guanyl−nucleotide exchange factor activity
lipid binding
protein serine kinase activity
phosphoric diester hydrolase activity
DNA binding
calcium ion binding
heat shock protein binding
phosphatase activity
mRNA binding
RNA binding
nucleic acid binding
